Your patient will be assessed in a SCREENING CLINIC by an interdisciplinary team, including an internist, to determine their suitability for the Respiratory Rehabilitation Centre's services.

Upon admission, your patient will receive the following services at the PRC:

- An individually prescribed and monitored graduated exercise program
- Education in the physical, psychosocial, respiratory, nutritional areas
- Access to dedicated time with a physiotherapist, registered nurse, respiratory therapist, internist, dietitian, and social worker as appropriate.
